**TO THE HONOURABLE THE SPEAKER AND MEMBERS OF THE HOUSE OF REPRESENTATIVES**

This petition of concerned Australian citizens draws to the attention of the House:

- a) The Motion of Michael Danby MP moved on 21 November 2011 is incorrect, ill-conceived and divisive to the multicultural matrix of Australia;
- b) Bosnian Muslim Islamist Forces ("BMIF") in Srebrenica terrorised, murdered and massacred 3,350 Bosnian Serbian Christian women, men and children living in villages surrounding Srebrenica;
- c) BMIF terrorised and massacred civilians in surrounding Serbian villages while Srebrenica was so-called demilitarised UN safe-haven;
- d) BMIF were never disarmed;
- e) The Bosnian Muslim Leader advised others that the US President told him that if 5,000 Muslims were to die (hence genocide myth of 8,000), then the US would have a reason to support the Bosnian Muslim Leadership and bomb the Bosnian Serbian Christians. The US and the West supported operation Storm shortly thereafter in the Republic of Serbian Krajina which the ICTY found to be a crime against humanity being genocide against over 300,000 indigenous Serbian Christians;
- f) BMIF left Srebrenica and advanced toward Tuzla in an armed column of some 15,000 and engaged in military actions with the Bosnian—Serbian Army. There were many deaths on both sides;
- g) These deaths are acknowledged as legitimate military targets;
- h) ICTY Tribunal Prosecution Forensic Experts found a total of 1919 human casualties from all sides and from all causes.

We therefore ask the House to:     1.   Reject the Motion; and  
   2.   Conduct an independent investigation.
